1. Nomination Form on page 3 below
2. Biographical details (maximum 2 pages) and
3. A personal statement (maximum 1 page) by the nominee.

In his/her personal statement, nominee should include plans and visions for the post he/she is contesting. Additionally, Since the MEFOMP Officers and Chairs positions carry large responsibilities and are assigned with specific tasks, candidates need to be willing and able to commit the required time investment to MEFOMP-related business. Therefore, a confirmation is required in the personal statement, stipulating that the candidate is able and willing to allocate the time required to fulfil MEFOMP Officers and Chairs duties and affairs for the period in office.

For each position and for each nominee, a separate form is needed. If a nominee is contesting for more than one position, a separate form is needed for each position. All nominees should be known regionally for their distinction in the field, for their organizing ability, and for their ability to serve as Officers or Chairs for their respective terms of office. The President can hold office for one term only and is not eligible for immediate re-election as an Officer. The Vice-President, who is the President-Elect, holds office for one term before taking office as President.

The Nominating Committee (NC) will consider nominations. The purpose of the NC is not to inhibit the delegates' choice of Officers and Chairs but to ensure that suitable nominations are made by the above or by the NC itself, that those nominated are willing to stand and, if there are too many nominations, to act as a preliminary filter.

Any question about the election procedure is to be sent to the President of MEFOMP (email: maalnuaimi@moh.gov.kw) as chair of the Nominating Committee.

Dr. Meshari Alnuaimi, MEFOMP
